Hurricane Season

KATRINA AFTERMATH – Our hearts go out to everyone who suffered through the tragedy of Hurricane Katrina...and are in the process of rebuilding their lives...homes and businesses. Their disaster has been a lesson for all of us. For every tragedy...we've seen a miracle...and everywhere neighbors helping neighbors...to survive and re-build. United in our compassion for those who continue to struggle with Katrina's aftermath, we must look to our future with hope and come together as a nation.

KATRINA LIFE – For those observing the devastation of Hurricane Katrina from afar, it's genuinely hard to comprehend the personal tragedy of losing everything...from home and possessions...to family photos and mementos...and in some cases...the lives of family or friends. It's a stark reminder of the frailty of our existence...but we can be encouraged by the stories of so many survivors grateful to have escaped...and cherish the miraculous gift of life...by resolving to live every moment, value people more than possessions and tell those around us how much we care.
